About the Game

Objective: The objective of the game is to be the first player to get all four (4) of their game pieces 🐄 to the dinner table 🍴.

Rules: Players take turns rolling the die 🎲 and must roll a one (1) in order to get a game piece on the game board. Once a player has a game piece 🐄 on the board, they move the game piece 🐄 along the game board according to the number rolled per turn.

If player has more than one game piece 🐄 on the board at one time, the player may choose whichever game piece 🐄 they would like to advance for that turn. If player chooses, they can split the number rolled between multiple game pieces 🐄.

When a player lands on a marked space, 🏠💵 the player must do what is written on the card.
